DETAILED ACTION

Election/Restrictions

1. This application is in condition for allowance except for the presence of claims 1-14 directed to an invention non-elected with traverse in the reply filed on 26 August 2005. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

2. Claims 18 and 19 are allowed over the Prior Art of record.

3. The following is an examiner's statement of reasons for allowance: The primary reasons for allowance of independent claim 18 is the inclusion of the limitations of a system for generating hydrogen gas having all of the recited elements, in particular, a phase separator fluidly coupled to an electrochemical stack, the phase separator having a *metallic* (emphasis added) vent conduit fluidly connected and extending *vertically* (emphasis added) from the top and a *combustible gas sensor* (emphasis added) *coupled and electrically grounded to the vent conduit* (emphasis added). Although the Prior Art (for examples see Fig. 3 of US 6,468,412 to Bryan et al. below) indicate the inclusion of vents in combination with hydrogen gas generators,

specifically, with phase separators, none of the Prior art teach the specific limitations emphasized above regarding the vent conduit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Conclusion

4. This application is in condition for allowance except for the following formal matters:
- Cancellation of withdrawn/non-elected claims 1-14.

Art Unit: 2856

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

5. Applicant is invited to review PTO form 892 accompanying this Office Action listing Prior Art relevant to the instant invention cited by the Examiner.
